

## Concept **Cordless Picture Light** | LED Remote Control

# The Ultimate Picture Light

Using new LED light technology, this cordless, remote controlled picture light offers superior lighting to illuminate paintings, photos and other artwork.

The light can conveniently be controlled either from the base unit or the included remote, and lasts for OVER 80 hours on a set of batteries.

It features warm white LEDs that provide bright, even light. Safe for artwork, the LEDs produce no heat or harmful UV rays. Included is a remote control that allows you to control and dim the light.

Combining smart and efficient technology, this light offers it all: superior brightness, excellent color rendition, unprecedented battery life AND remote control.

# CONCEPT CORDLESS PICTURE LIGHT | LED Remote Control

*These Cordless Picture Lights way outshines any others: bright, dimmable, superb battery life AND Remote Control!*

## PATENTED DESIGN:

Advanced solid state circuit uses PWM (Pulse Width Modulation)

Bright, efficient SMD LED technology for superior color rendition

Over 100 hours of life (on brightest setting!)

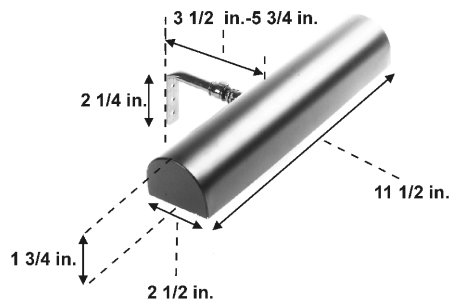

Remote Control with dimming included (Light can be controlled by remote or on main unit)  
Use one controller for multiple lights

Solid metal construction

Minimum Vertical Profile-looks like a conventional picture light

Works great with rechargeable batteries also

### 11.5 in Cordless Picture Light Dimensions

### Our original 11.5 light

- ▶ Uses 4 D batteries (lamp) and 2 AAA batteries (remote) (not included)
- ▶ Over 100 hours of life (on the brightest setting)

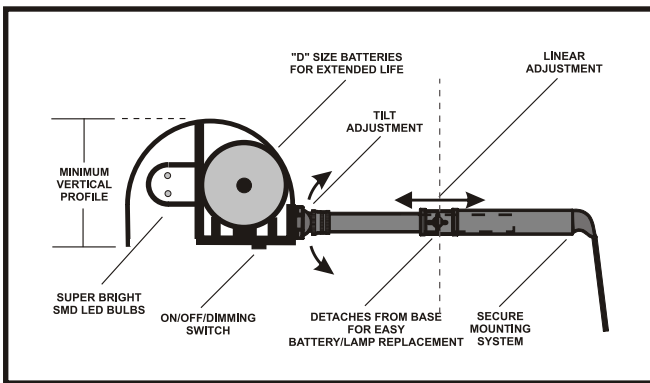

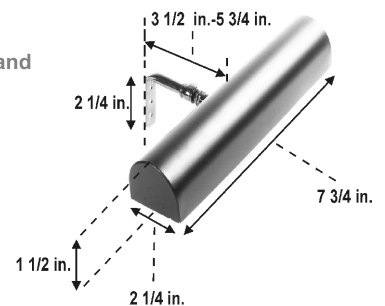

101L: Polished Brass  
102L: Antique Brass  
103L: Black  
105L: Satin-Nickel

### 7 3/4 in Cordless Picture Light Dimensions

#### Compact and sleek- 7 3/4 in. light

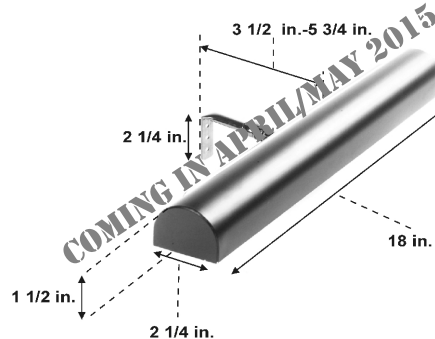

- ▶ Uses 3 C batteries (lamp) and 2 AAA batteries (remote) (not included)
- ▶ Over 80 hours of life (on the brightest setting)

201L: Polished Brass  
202L: Antique Brass  
203L: Black  
205L: Satin-Nickel

Side view

### 18 in Cordless Picture Light Dimensions

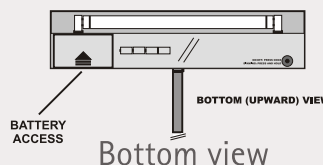

### Wide-ranging 18 in. light

- ▶ Uses 8 C batteries (lamp) and 2 AAA batteries (remote) (not included)
- ▶ Over 80 hours of life (on the brightest setting)

301L: Polished Brass  
302L: Antique Brass  
303L: Black  
305L: Satin-Nickel

Made in China

Patent 5934787 AND Patent Pending

**Batteries:** 100 hour rating measured by cycling at 12 hours of operation with a 2 hour rest period in between (on brightest setting), using alkaline batteries. Better performance--up to 150 hours total operation--under realistic conditions of 4-5 hours (one evening's use) at a time. Similarly, for the 80 hour rating, up to 120 hours of operation is expected under realistic conditions.

**LEDs:** The maintenance free LED's last virtually forever due to their 50,000 hour rating. They provide an unparalleled warm white color temperature and superior dispersion of light as compared to traditional LED's for a warm, even glow over artwork
