

interlace suspension

DESCRIPTION

A 30-inch aluminum outer ring is machined to receive hundreds of hand-strung strands of stainless steel cable which create an intricate, interwoven pattern. The Interlace from LBL Lighting features powerful LEDs that shine inward toward the reflective cables to create visually interesting general illumination lighting. Independent suspension cables allow multiple hanging angles for this lighting fixture. Includes 12' of field-cuttable aircraft cable and (1) 30 watt 2400 lumen 2700K 80 CRI LED module. Dimmable with a low-voltage electronic dimmer. 120v or 277v.

WEIGHT

8.00lb / 3.63kg ±
