

TRAVIRA Stacking Armchair SLING

MATERIALS

Powder coated aluminum is durable and lightweight. The rust proof nature of the frame offers high quality and strength.

Teak has beautiful dense grain and high oil content allowing it to resist rot, moisture, warping and splintering.

Tekwood is a wood-alternative developed from polystyrene.

Tekwood provides the look of wood without the weathering process or maintenance.

Composite Sling is made with Textilene®, a composite mesh fabric woven using PVC coated polyester.
